Walk meets festival

Strut Your Mutt is a fun event, full of activities for people and dogs of all ages. Games, entertainment, contests, a walk with your best friend. People come to celebrate their pets and the animals still looking for a family of their own.

Pet or no pet, this event is a meaningful way to make a statement, not only because animals rely on us, but also because we rely on them. Plus, it promotes healthy habits by demonstrating the benefits of walking with your pet - both for owner and dog.

Be a part of this amazing event. Meet potential new customers who love animals just as much as you do. Pet-related services and providers will receive priority. Cost for a booth is just \$10, and exhibitors can sell products on site.
